Internet Access

What type of internet is available at home?

Response Options:

- No internet
- Cell phone internet access
- Cellular Hotspot internet access
- Internet through a service provider such as Hughesnet, Cox, AT&T

Parent Feedback on POSSIBLE LATE START OPTION

We are LOOKING for ways to find time for teacher teams to work collaboratively using student learning data to plan instruction and drive intervention. No final decision has been made at this time. One option being CONSIDERED is to run a late start schedule for students each Friday morning, with students reporting for class at 9:00 instead of 8:00.

Note:

**Buses would pick up students one hour later on Fridays mornings.*

**Supervision with study time and activities would be available for students who needed to be dropped off at school between 7:45 and 9:00*

**Pre-K students can be dropped off at the regular time or ride the bus for late start*

Response Options:

- No problem, my students could ride the bus, be dropped off, or drive to school to arrive by 9:00 on Fridays.
- No problem, I can drop off my student between 7:45-9:00 for supervised study/activities.
- Problem; no home supervision for my student before the proposed later bus route time; also not able to drop them off early for supervised study/activities
